

Best Paper Award Certificate

IES2011

13th International Ionospheric Effects Symposium
- Since 1975 -

Alexandria, Virginia
May 17-19, 2011

Copyright City of Alexandria, 2004-2011

May 18th 2011

By tradition, a select review committee at IES formed from the session chairs selects one or more papers as appropriate for recognition. For IES2011, the Papers Review Committee has deemed that the following paper makes a significant contribution to the fields covered by IES2011, and is awarded "Best Paper".

Paper Title: "On the real time reconstruction of the ionospheric electron density profile based on concurrent measurements from collocated digital ionosonde and GNSS receiver"

Authors: S. M. Stankov, K. Stegen, P. Muhtarov, P. Marinov, R. Warnant

Paul Cannon

Papers Review Chairman, IES2011

John M. Goodman
Chairman, IES2011
