

International Workshop
Numerical Solution of Fractional Differential Equations and Applications

NSFDE&A'20

June 8 - 13, 2020, Sozopol, Bulgaria

New Period: September 7-12, 2020

Organizer

The workshop is organized by the Institute of Information and Communication Technologies, Bulgarian Academy of Sciences.

Organizing Committee

Silvia Grozdanova, Stanislav Harizanov, Raytcho Lazarov, Ivan Lirkov, Svetozar Margenov

Time

The workshop is scheduled for June 8 - 13, 2020, with arrival: June 8 and departure: noon June 13.

New Time

The workshop is scheduled for September 7 - 12, 2020, with arrival: September 7 and departure: noon September 12.

Place

The NSFDE&A'20 will be held in Sozopol (ancient Apollonia), a picturesque town on the Black Sea coast, 36 km to the south from Bourgas. The Bourgas International Airport is 50 km to the north from Sozopol.

Aims

The workshop follows the great success of the Special Session “Fractional Diffusion Problems: Numerical Methods, Algorithms and Applications” organized within the scientific program of the 12th International Conference on Large-Scale Scientific Computations (LSSC'19), June 10 - 14, 2019, Sozopol, Bulgaria.

The workshop is aimed to start a new chain of NSFDE&A events to be organized biannually, every even year, complementary to the well-established LSSC conferences every odd year.

Scope

Specific topics of interest (but not limited to) are the following: (i) fractional in space diffusion problems; (ii) fractional in time problems; (iii) problems involving p-Laplacian; (iv) coupled problems; (v) phase separation and image segmentation; (vi) parallel algorithms and HPC tools; (vii) applications in science and engineering.

Scientific Program

The Scientific Program of NSFDE&A'20 includes regular talks of 30 min. and key-note talks of 45 min. The Program is available [here](#).

Extended Abstracts/Short Communications

The extended abstracts/short communications (up to 3 pages) are to be written in standard LaTeX and sent to: nsfdea20@parallel.bas.bg.

Proceedings of Short Communications

The Proceedings is available [here](#).

Workshop Fee

The workshop fee covers: the proceedings of extended abstracts/short communications, the workshop materials, the coffee breaks, the reception and the official dinner.

Accommodation

There is a rich variety of opportunities for accommodation in Sozopol. The participants may contact their travel agencies. Some of them provide very attractive packages including air ticket (during the season there is a rich charter program to Bourgas Airport) plus hotel reservation. Based on their location, the following hotels could be recommended:

Villa List, <http://www.hotellist-bg.com/index.php?lang=en>

Selena, <https://www.hotelselena-bg.com/indexen.php>

Coral, https://www.hotelscombined.com/Hotel/Hotel_Coral.htm

Arena, http://hotel-arena.net/home_en.html

Transportation

An attractive way to organize your travel is to use a direct regular or charter flight to Burgas airport. There is a regular bus line 15 from Burgas airport to the bus station south, a starting point for the regular buses to Sozopol. Alternative way to the public bus is to rent a car or use a taxi from the Burgas airport.

Social Program

The social events will include a conference reception on Tuesday (June 9) and the official dinner on Thursday (June 11).

New Dates

The social events will include a conference reception on Tuesday (September 8) and the official dinner on Thursday (September 10).
